ARDELYX, INC.

On June 8, 2022, Ardelyx, Inc. mailed a letter to Stockholders urging Stockholders to vote “FOR” each of the proposals being submitted to a vote at the Ardelyx Annual Meeting of Stockholders. The full text of the letter follows:

June 6, 2022

Dear Stockholder:

We recently mailed to you a definitive proxy statement of Ardelyx, Inc. (“ARDX”) wherein your vote is requested to approve, among other matters, granting our Board of Directors authority to effect a reverse stock split of our authorized common stock and issued and outstanding common stock by amending our Amended and Restated Certificate of Incorporation by September 15, 2022 and within a range of not less than 1-for-2 and not more than 1-for-10, if our Board of Directors deems it within our best interests. We urge your vote for this, and all the proposals to be voted upon at the annual meeting of stockholders of ARDX to be held on June 15, 2022.

The ARDX board of directors unanimously recommends that stockholders vote “FOR” each of the proposals being submitted to a vote at the ARDX annual meeting of stockholders.

Please Vote Your ARDX Shares Today!

Regardless of the number of shares you own your vote is very important. We encourage all stockholders to have their voices heard. The approval of the amendment of our Amended and Restated Certificate of Incorporation to effect a reverse stock split requires the affirmative vote of the holders of a majority of the outstanding shares of ARDX common stock entitled to vote at the meeting. Failure to vote or a vote to abstain will have the same effect as a vote against the proposal to effect the reverse stock split.

Our primary objective in asking for the authority to effect the reverse stock split is to raise the per share trading price of our common stock. The board believes that having the ability to implement the reverse stock split would better enable us to maintain the listing of our common stock on the Nasdaq Global Market. Also, if the reverse stock split is implemented, we believe it would facilitate higher levels of institutional stock ownership, where investment policies generally prohibit investments in lower-priced securities and better enable us to raise funds to finance operations.

While we intend to monitor the closing price of our common stock and consider available options depending on the trading price of our common stock, no assurance can be made that we will in fact be able to continue to comply. If an issuer’s equity security is delisted from Nasdaq, it may be forced to seek to have its equity security traded or quoted on the OTC Bulletin Board or in the “pink sheets.” Such alternatives are generally considered to be less efficient markets and not as broad as Nasdaq, and therefore less desirable. Accordingly, the delisting, or even the potential delisting, of an equity security could have a negative impact on the liquidity and market price of the equity security. As such, our Board believes that it is in the best interest of the Company and its stockholders that the Board has the ability to effect, in its discretion, the reverse stock split to improve the price level of our common stock so that we are able to maintain continued compliance with the Bid Price Rule and minimize the risk of future delisting from Nasdaq.

There are three ways to vote your shares of ARDX common stock- each only taking a few moments:
